Sunrise, FL – March 16, 2017 – U.S. Stem Cell, Inc., a Florida corporation and leader in novel regenerative medicine solutions and physician-based stem cell therapies for human and animal patients, is pleased to announce the following results from operations for the quarter ending December 31, 2016.

“U.S. Stem Cell, Inc. continues to generate revenue and decrease liabilities and operating expenses,” said Mike Tomás, President and CEO of U.S. Stem Cell, Inc. “As a world leader in stem cell research and development for degenerative conditions, we are excited about the industry’s future and dedicated to making a positive impact in patient’s lives.”

Working with physician partners to offer over 30 protocols to patients, U.S. Stem Cell, Inc. is expanding its services, treatments and therapies both inside and outside the United States.

Financial highlights from the fourth quarter of 2016 include:

- Revenue up by 38% from \$2.2M in 2015 to \$3.03M in 2016
- Current liabilities down by \$1.9 million or 23.8% from \$8.0M in 2015 to \$6.1M in 2016
- Operating Expenses down 16.5% (or \$631,825) from 3.82m in 2015 to \$3.19m in 2016
- Net loss improved 136% from \$2.6m (gain) in 2015 to \$1.15m in 2016
- Gross Margin down from 58.9% in 2014 to 32.9% in 2015, primarily due to increase in banking services in the mix

- For the first time, U.S Stem Cell, Inc. is \$108,596 cash positive as a result of operations in 2016 compared to \$844,690 cash negative from operations in 2015

Operating results for the year ending December 31, 2016 are not necessarily indicative of the results that can be expected for the year ending December 31, 2017.

About U.S. Stem Cell, Inc.

US Stem Cell, Inc. (formerly Bioheart, Inc.) is an emerging enterprise in the regenerative medicine / cellular therapy industry. We are focused on the discovery, development and commercialization of cell based therapeutics that prevent, treat or cure disease by repairing and replacing damaged or aged tissue, cells and organs and restoring their normal function. We believe that regenerative medicine / cellular therapeutics will play a large role in positively changing the natural history of diseases ultimately, we contend, lessening patient burdens as well as reducing the associated economic impact disease imposes upon modern society.

Our business, which includes three operating divisions (**US Stem Cell Training, Vetbiologics and US Stem Cell Clinic**) includes the development of proprietary cell therapy products as well as revenue generating physician and patient based regenerative medicine / cell therapy training services, cell collection and cell storage services, the sale of cell collection and treatment kits for humans and animals, and the operation of a cell therapy clinic. Management maintains that revenues and their associated cash in-flows generated from our businesses will, over time, provide funds to support our clinical development activities as they do today for our general business operations. We believe the combination of our own therapeutics pipeline combined with our revenue generating capabilities provides the Company with a unique opportunity for growth and a pathway to profitability.
